

NEW DEPOT FOR  
SOUTH TEMPLEOregon Short Line Prepares to  
Ask Franchise.

STATION TO COST \$100,000

COMMERCIAL CLUB WILL HEAR  
RAILROAD REPRESENTATIVES.

The Oregon Short Line will, next Tuesday evening, according to the plans of the road, ask for a franchise for a depot at South Temple and Third West streets. The road will promise to put up a structure to cost not less than \$100,000. It is stated. The Rio Grande has promised to put up a \$200,000 depot at Fourth West and Second South streets, if given the necessary franchise.

There is a possibility that the application of the Short Line will not go in until a week from Tuesday evening. This will probably be decided after the return of General Manager W. H. Bancroft Monday. It is the present intention to make such an application, sooner or later, it is authoritatively stated. The Commercial club is planning to give a full meeting to the subject of the depot question. Representatives of both the Rio Grande and the Oregon Short Line will be asked to present arguments for and against the granting of the proposed franchise to the Short Line for a track on the east side of Fourth West street.

It is expected that the broad question of a union depot will be taken up at that time, and recommendations will be made to the council as to a solution of the problem.

## HILL AGAINST POOLING.

Railroad Magnate Talks of Important Pending Problems.

Chicago, May 3.—"I believe in the survival of the fittest in the railroad world, the same as I do in all nature and affairs of men. It is the natural law, and its operation is as inevitable as the origin of man."

This is one of the things that James A. Hill said in response to a question regarding his opinion of the government's attempt to control the railroad. He explained that the government's method of attempting to cure the evils that afflict the traffic and transportation world was simply a waste of money and a futile attempt to arrest the progress of the natural law of the survival of the fittest.

"Has not the community of interests actually arrested the operation of that law?" was asked.

"There is no such thing as the community of interests. That is the merest and twaddle, originated and employed by the press of the country. The community of interest that can ever exist is the community of interest between the shipper and the railroad. No, that community of interest is not receiving its fullest development, but it will not be so long as the law of the survival of the fittest shall have had its way in the railroad world."

Asked what he thought of legalized pooling as a panacea for rate ills, Mr. Hill replied:

"Pooling is infamous, infamous in any form. It never brings about the end sought, and it is simply one of the subtleties of which I speak to hinder the operation of the inevitable law of nature and the universe."

Mr. Hill passed through Chicago en route from New York to St. Paul.

## PROMOTION FOR COWAN.

Former Salt Lake Goes to the Southern Pacific.

W. E. Cowan, formerly general agent of the Oregon Short Line at Salt Lake, was yesterday promoted to the position of general freight and passenger agent of the Southern Pacific lines in Oregon. Mr. Cowan left Salt Lake a short time ago to become general freight agent of the Oregon Railroad & Navigation company.

R. R. Miller, whom Mr. Cowan succeeds, has been elevated to the position of general freight agent of the Oregon Railroad & Navigation company, with headquarters at Portland. These changes will take effect May 15, according to a circular issued yesterday by Traffic Director J. C. Stubbs of the Hartman system.

It is announced that the office of traffic manager, until lately held by Ben Campbell, now assistant to Traffic Director Stubbs, has been abolished. It is believed that this step presages the early extension of the jurisdiction of Traffic Manager T. M. Schumacher to include the Oregon Railroad & Navigation company, as well as the Oregon Short Line.

## MONON IS ABSORBED.

New Railroad System Embraces Louisville &amp; Nashville.

Chicago, May 3.—A new railway system embracing the Chicago, Indianapolis & Louisville (Monon), and the Louisville & Nashville, will, it is said, soon be in operation between Chicago and New Orleans. It was learned today, according to a circular issued yesterday by John W. Gates and those working with him, have secured control of the Monon. This was done by buying \$3,000,000 of stock in the open market and by the purchase yesterday from General Samuel Thomas of \$5,000,000 additional stock at \$2, giving the Gates syndicate \$8,000,000 of the \$15,000,000 capital of the road. The purchase is with the idea of gaining entrance to Chicago for the Louisville & Nashville.

A new company, which probably will be called the Chicago & New Orleans Railway company, will operate the two roads. L. P. Morgan & Co. will finance the deal. The amount of the capital stock it is said, has not yet been decided upon.

## TRAVEL STILL HEAVY.

F. W. Thompson Says Many Tourists Are Coming.

F. W. Thompson, general agent of the passenger department of the Rio Grande at San Francisco, was in the city yesterday.

"The rush of tourists from the coast eastward is by no means over," said he. "Visitors are being engaged until near the end of the month. In addition to the regular travel, the crowd of women now attending the biennial at Los Angeles will increase the travel and keep it up to a high notch until later in the season than usual. There are other special events that will tend to keep up the travel."

## RECEIVER IS ASKED.

Colorado &amp; Northwestern Company Is in Difficulties.

Denver, May 3.—The Mercantile Trust company has filed application with the federal court for foreclosure of the mortgage on the Colorado & Northwestern railway and appointment of a receiver. The court will act upon the

## PRETTY CANDIDATES FOR MAY QUEEN.

WHO of the stunning quartette will be voted the prettiest Norwegian lass in Salt Lake?

The candidates are Miss Ida Wegeland, who is an operator at the Western Union, and who is now believed to be in the lead; Miss Johanne Moen of Walker's dressmaking establishment; Miss Ogot Randy, also an employee of Walker Brothers, and Miss Emily Hansen, the handsome daughter

of O. C. Hansen of the Salt Lake Tailoring company.

The voting contest, which is arousing a good deal of interest from day to day, is primarily for the purpose of raising money to promote the celebration on May 17 of the eighty-eighth anniversary of Norway's independence.

The votes cost 1 cent each, and it is expected that at least 25,000 will be cast, so numerous are the friends of the young women, among Scandinavians and others. The contest will close at 1 p. m., Monday, May 12, and the winner, besides receiving a handsome prize, will be the belle of the ball at Christensen's on the night of the celebration.

The balloting has been very spirited so far, and more ballot boxes were placed yesterday. Polls are located now at the following places: Justice Nielsen's court, Jensen's jewelry store, Matson's photograph gallery, Lion drug store and the Salt Lake Tailoring establishment.

## BAMBERGER ON STAND

Resumes His Testimony Against Alviras E. Snow—Defendant Gives Evidence.

The proceedings in the Morrison-Snow case before Judge Hall yesterday morning were brief. Upon the resumption of the matter, Simon Bamberger was recalled by the plaintiff and allowed to give testimony in rebuttal as to the location of certain claims adjoining the Morrison mine, which, it has been charged, were located by H. H. Child for Judge Barch. Mr. Bamberger testified on this point that the claims were located by E. A. Vail and George Wilson, for the witness, W. H. Child and George Wilson. Mr. Bamberger testified further that he asked Judge Barch to join in the enterprise, but that the judge declined, saying that he did not desire to have anything to do with it.

Mr. Bamberger understood that one of the new claims overlapped one of the claims of the Morrison company, but that the location was made in order to secure certain fractions.

At the conclusion of Mr. Bamberger's testimony, Alviras E. Snow was called, and the remainder of the morning was devoted to his direct examination on matters which were overlooked the preceding day. Court then adjourned until Monday morning, when the cross-examination of Mr. Snow will begin.

## LOCK TRICK MAN SENTENCED.

Harry Glenn Is Given Sixty Days in County Jail.

Henry Glenn, charged with conspiracy to defraud as a result of his connection with certain parties who recently worked the ancient lock trick on H. C. Butler, to the tune of \$17.50, was arraigned before Judge Stewart yesterday morning, and entered a plea of guilty. He also asked to be sentenced at once. When asked if he had anything to say, Glenn declared that it would be the last. To this, District Attorney Eichner added that Glenn had furnished the officers with valuable information concerning the matter, and the court let the prisoner off with sixty days in the county jail, inclusive of the time that he has served since his arrest.

Harry Pool, the young man who is accused of robbing W. A. McMaster at the residence of Dr. Higgins, one evening several weeks ago, entered a plea of not guilty.

The case of Henry Bates, an incorrigible youth, who will be sent to the reformatory school, unless other arrangements can be made, was continued until Monday next.

## NOT FELLOW SERVANTS.

Decision Rendered in Case Against Mammoth Mining Company.

The supreme court handed down an opinion yesterday affirming the judgment of the lower court in the damage suit of Abram Jenkins vs. the Mammoth Mining company. Jenkins was injured while being lowered in a cage at the company's mine and secured a verdict for \$7,000, after which the company appealed. The case was contended that Jenkins and the cage operator, Daniel Knotts, were fellow servants, and the fact that the injury was the result of the manner in which Knotts handled the cage would preclude recovery under the fellow-servant act. Justice Baskin, who writes the opinion of the court, holds with the other justices concurring, that the two men were engaged in different grades of service, and therefore were not fellow-servants. Other alleged errors, relied upon by the appellant, are also held untenable, and the judgment is accordingly affirmed.

## Ricketts Estate Distributed.

Arnott C. Ricketts, executor of the estate of J. M. Ricketts, deceased, has secured an order from Judge Hall, allowing a partial distribution of the estate. The amount distributed to the three heirs aggregates \$24,457.68, and leaves in the neighborhood of \$1,000 in the hands of the executor. This amount is held for the payment of the inher-

itance tax claimed by the state, in the event that the courts hold the law constitutional. The action to determine the matter was instituted some time ago, but has not yet reached a hearing.

## Court Notes.

The \$5,000 damage suit of Joseph Brown, a former motorman, against the Salt Lake City Railroad company, for injuries received in a collision, reached the jury in Judge Morse's court at noon yesterday. Later, a verdict was returned in favor of the defendant.

In the case of Salt Lake City vs. S. B. Miller, to recover possession of lot 1, block 147, plat D, Mr. Miller has paid the city \$500 and taken the property. It comprises one-fourth of a block on the corner of Tenth and H streets. Both Mr. Miller and the city claimed to be the owner of the property.

Kay Chin, the bad Chinese boy, was committed to the reform school by Judge Stewart yesterday. Kay has given the police much trouble during the past few months, and his commitment to the reform school was considered the only solution of the problem which his case presented.

A demurrer to the petition of Albert C. Jones, the hack driver, for a writ of habeas corpus, was partly argued before Judge Stewart yesterday, and the further hearing was postponed until next Saturday.

In the case of Frank Thompson, executor of the estate of James Thompson, deceased, et al., vs. A. H. Parsons et al., a decree of foreclosure has been entered in favor of the plaintiffs for \$24,740. In the case of the same plaintiffs against A. M. Jane et al., judgment has been entered in favor of the plaintiffs for \$1,642.

The May term of the federal court will begin tomorrow. The first thing on the programme will be the empanelling of a grand jury, which will serve for the term. Tomorrow being the first Monday of the month, it will also be known as rule day.

## "Felt Relief the First Month."

CHARLES PALMER, 726 SOUTH Fifth East Street, Salt Lake City.

Mr. Palmer says: "I have suffered about five years with Catarrh and Stomach troubles. My head and nose stopped up—I had to hawk and spit to clear my throat in the morning as soon as I got up. I coughed a great deal. My eyes tickled and burned, and finally it reached my stomach, causing great distress. My food soured, I bloated up, had pains in the chest and lost considerable weight. Since starting Drs. Shores' treatment I have improved wonderfully, feeling much better the first month, and gaining steadily since. Have picked up eight pounds in weight, my head feels clear, stomach better and I am greatly benefited in every way, and wish to add my endorsement of Drs. Shores' treatment."
